SAM'S AROUND THE WORLD ADVENTURE!

Have you ever wondered where Sam might travel next?

Now it's your turn to help him explore!

Simply download, print, and cut out your very own **Adventures with Sam**. Then take him along on your family's adventures—whether you're traveling across the country, visiting another state, exploring your hometown, or simply spending the day at your favorite park or library.

Take a photo of Sam at each stop and help your child record what they learned along the way. Every adventure is an opportunity to build vocabulary, strengthen observation skills, encourage conversation, and create lasting memories.

No adventure is too big or too small!

We'd love to see where Sam travels. Share your photos on social media using #SamTravels and tag Half-Pint Kids for a chance to be featured on our page.

HAPPY EXPLORING!
